

NorCal General Meeting via Zoom **July 25, 2020**

Proposal A: Mike Guzman

Due to the Covid-19 Pandemic, The Nor-Cal Executive Board has the ability to change the Competition Structure in the By-Law Rules for the 2020-2021 Season as needed, through December 31, 2020.

- SECOND: Abra Slater
- PASSED

Proposal B: Donna Scheu

Nor-Cal Training Camp:

- Possible changes to keep it going
- 2nd week of September 2020 (weekend after Labor Day)
- People want to keep it
- Format will likely be different
- Athletes would stay at hotels, then come to camp each day
- Level 9 and 10 only
- Keep options open

Proposal C: Mike Guzman

Nor-Cal Level 4 meets may be judged by a single panel for this year.

- Second: Robert Waroff
- PASSED

Proposal D: Perry Siu

Clubs who did not have a chance to host a 2020 State Championship Meet they bid on, will have first choice for approval to host in Spring 2021.

- Bids will be awarded at the second Executive Board Meeting following the July 25th General Meeting
- Second: Mike Guzman
- PASSED

Proposal E: Penny Moyce

Due to the COVID-19 Pandemic shortened 2019-2020 Competitive Seasons, I propose that the Nor-Cal Perpetual Trophy be put on hold for the 2019-2020 and 2020-2021 Seasons. The Trophy would possibly be reinstated for the 2021-2022 Competitive Season.

- **Reasons:**
 - 2019 Optional Season...No State Championships were held2020 Compulsory Season will likely not have a traditional Season (no/or restricted State Championships)
 - Exact dates for the Perpetual Trophy to be reinstated would be determined after the 2020-2021 Season, pending health and safety concerns at that time.
- SECOND: Bill Strom
- PASSED

Proposal F: Bill Strom

Entertain the idea of having meets sometime this season using [GotScored.com](https://www.gotscored.com)

- Each team would live stream video from their workout gym so it would be similar to a traditional meet where you could not have "do overs."
- Judges could be NorCal judges or GotScored judges all of whom could judge from anywhere (if more than one judge is used on each event, it would be more efficient if they were in the same place as each other but they could have phone conferences as needed if they were not).
- Currently GotScored judges take about a week to get through all the routines but they provide a short critique of the routine. If we used our judges we could get the scores immediately but the cost would vary on the number of judges needed.
- Currently the cost is \$10.00 per routine to have a GotScored judge, judge the routine. They use only one judge per event.
- This would be a great way to get scoring feedback on routines without having to wait until next year 2021-2022.
- I would not recommend conducting any Official Championship meets until we use the system work. We could do unofficial State Meets if there was interest
- Anyone can do this
- Let everyone know that this system exists
- SECOND: Scott Slater
- PASSED
- DISCLAIMER...USA Gymnastics does not sanction virtual meets

Proposal G: Abra Slater

Move Levels 3, 4 and 5 State Championship to Spring 2021

- Be a USA Gymnastics Sanctioned event
- Compulsory scores from Fall 2020, beginning August 1st, will count towards qualification
- Dates TBD
- SECOND: Mike Guzman
- PASSED

Proposal H: Executive Board

2020-2021 Competitive Year

- P.J. ...No open dates at this time
- Last week to qualify would be March 13-14, 2021
- Maybe host on Westerns (May 8-9) or J.O. Nationals (May15-16) weekends
 - Would be 8-9 weeks from last date to Qualify (March13-14)
 - May 1...Xcel Regionals 6 weeks from last date to qualify
- Qualifying scores to Compulsory State Championships remain the same
 - Level 3 34.50 All Around at a USA Gymnastics Sanctioned Meet
 - Level 4 34.50 All Around at a USA Gymnastics Sanctioned Meet
 - Level 5 32.00 All Around at a USA Gymnastics Sanctioned Meet

Proposal I: Dave Peterson

I'd like the following motion presented to the general membership on July 25:

I move for the 2020-21 competitive/fiscal year that all club dues be charged only \$50 per club and that all athlete dues be only \$1.00 each. This for only the one year resuming the rate of 2019-20 for the 2021-22 season unless otherwise voted to adjust again. The reasoning should be obvious but here's a few key reasons:

- \$50.00 for the club still seemed high; \$10 seemed better, but perhaps a little less than the breakeven needed - assuming time is taken to update the website, contacts, etc.
- \$1.00 for the athletes just to attach a fee to track them by level. We'll be lucky to have any season this year and yet we should work to create hope and belonging to NorCal.
- we are in a pandemic
- no need for a regular NorCal budget this year – it should be a simple year.
- \$100,000+ on the organizations balance sheet – the organization does not need the funds at this time and will have plenty over when the year is over to carry on into 2021-22; and under the circumstances, it seems unnecessary to collect such fees.
- did I mention the pandemic?
